Register at [www.robot-academy.com](http://www.robot-academy.com) (select in-person)

- ✓ This class will focus on Scratch Programming and Mechanical Design using LEGOs.
- ✓ Bring your Robot Academy Arduino LEGO Robot or use a loaner robot for programming fun. No purchase of robot necessary for class.
- ✓ Student who took the LEGO Robot building afterschool class will want to take this class to learn advanced programming for their Arduino LEGO robot.
- ✓ Students program working Lego robots and then perform fun activities such as a BattleBot, Jousting, Ambulance races and more to win prizes.

Contact [gail@robot-academy.com](mailto:gail@robot-academy.com) about more STEM fun:

1. Scouting Badge Workshops
2. LEGO Battlebot Birthday Parties
3. Online classes for LEGO MINDSTORMS and Arduino LEGO Robots.
