- ✓ Select 'Take Home Robot + Session' to purchase Arduino LEGO Robot for only \$120 so that the student can take the robot home that they built after 7-week class to continue with programming fun. Future coding classes will be offered this year.
- ✓ Students design, build, and program working Lego robots and then perform fun activities such as ambulance races and BattleBot Championships to win prizes.
- ✓ Students learn mechanical design, coding and the engineering principles while having fun building with LEGO.

Contact [gail@robot-academy.com](mailto:gail@robot-academy.com) about more STEM fun such as 2-hour Scouting Badge & Birthday LEGO Battlebot Parties and online classes.
